page: 1 of 1

Product: **uvex ultra-vision 9301-605**

1. Product characteristics

- Panoramic lens shape allows 180° uninterrupted lateral vision
- integrated, indirect ventilation allows air movement directly across the lens whilst protecting against splash and dust
- lens coated outside with optidur 2002(anti-scratch) and inside with optidur 4C+ (anti-fog)
- fits comfortably over most prescription spectacles
- frosted top to reduce glare
- Simple lens replacement reduces cost
- high-quality, easily adjustable headband
- optically correct lens(EN 166-Class 1) does not distort view or cause headaches
